OPERATIONS MEMORANDUM

TO: American Embassy, Rio de Janeiro

DATE: October 1, 1964

FROM: AmConsul, Belem

SUBJECT: SECURITY- Request for Tape Recorder

REF: -

The Chief of the Intelligence Section, Eighth Military Region, has inquired if it would be possible for the Consulate to supply his Section with a portable tape recorder capable of being concealed on the body of an investigator. He noted that such an apparatus would be of value in the investigative operations of his office.

The Consulate has made no commitment on this matter, but is passing the request on to interested officers in the Embassy for possible action since this military officer has been most cooperative.
